Catinat
Youri

SAP Technical Consultant
Fullstack Developer

Born in Belgium in 1984, I have an **industrial engineering** background.

Since **2007**, I've been working in the world of **ERP**, more specifically **SAP**.
I have **over 15 years experience** in SAP development.

I'm constantly searching for new challenges, learning about new tools and technologies.
I'm really passionate about web development.
